

I need your blood!

I need a drop of your blood and the information, where it comes from for the performance "stars & stripes".
Please put one drop of your blood in the white circle and send it back to me personally or to my address:

Stephan US, Staufenstrasse 46, 48145 Muenster, Germany

"stars & stripes" is a performance and installation of 297 stars, about nationalities and blood, the Migratio, the walking movement with blood, a flag and all the flags, with blood, a flag, starlets, to be a star and stardust.

This performance will take place within the project Nomadic No Man's Land on 28.01.2018 at 3 pm in the Ausstellungshalle Am Hawerkamp, Münster. There your blood will flow, network and connect.

If you know your family tree even further in time and space, you can write it down on the back.

Thank you!

Sincerely

Stephan US
